WORK-EXPERIENCE

Full-Stack Web Developer

LLC "CANAPECLUB" [🔗](#)

11/2019 - 10/2022

Moscow, Russia

LLC "Canape Club" is a catering company in Moscow.

Achievements/Tasks

- Translated Photoshop design templates into pixel-perfect, responsive front-end interfaces.
- Optimized website performance and responsiveness for both mobile (iOS and Android) and desktop platforms, resulting in improved load times and user experience.
- Developed and integrated APIs, including Foodpicaso and Yandex Market (DBS), to extend platform functionality and streamline product data synchronization.

Full-Stack Web Developer

LLC "UBK "Business Dialogue" [🔗](#)

11/2011 - 10/2022

Saint-Petersburg, Russia

LLC "UBK "Business Dialogue", a network of offices of legal and accounting support for small and medium-sized businesses.

Achievements/Tasks

- Maintained and supported a WordPress-based website, actively resolving issues related to cyberattacks, site crashes, and critical bugs.
- Led a team in restructuring the existing website from a basic template, significantly enhancing the user interface and overall visual appeal.
- Built various side projects focused on data processing, custom parsing, and data visualization to explore and showcase technical capabilities.
